

## CONSENT LETTER

Yordi Vieyte, graphic designer and master in territory and landscape, invites you through this letter to participate of a projective test. This letter will provide you with information regarding the test so you can confirm your willingness to participate.

The goal of this study is to research and visualize how citizens perceive money, through the image of automated teller machines (ATMs). This test requires you to freely draw an ATM, together with providing some additional information. The total duration of this test should not exceed 10 minutes.

The supplies that you can use are:

- > A sheet of paper (letter size)
- > A pencil
- > Coloring pencils
- > Eraser
- > Pencil sharpener

It is important that you know that your anonymity is guaranteed. The research team behind this test will not use individualized data for this study, therefore your name will not be included in any resulting document or database.

Your participation in this study is completely optional. In return for your participation you will be invited to visit (free of charge) the exposition "NO HAY DINERO" at the ATM Gallery at Bolm Studios 5305 Bolm Rd. Suite #12, Austin, Texas, from October 7 until November 7 of 2016. You are also invited to visit [www.paisajefinanciero.cl](http://www.paisajefinanciero.cl) for more information about this study and exposition.

In case you have any questions regarding your participation in this study, feel free to ask the person in charge of the test, who will keep them in private. If you have questions after you have already taken the test, please contact the Supervising Psychologist, Ximena Muñoz ([xmunozh@gmail.com](mailto:xmunozh@gmail.com)), or Psychologist Cristóbal Carvajal ([crislobalcarvajal@gmail.com](mailto:crislobalcarvajal@gmail.com)).
